12 November 2013

Dear Darren,

On behalf of everyone here at Funding Neuro and Wobbly Williams, I would like to thank you and the team for kindly organising a Vodafone McLaren Mercedes prize for our recent Frighht Night event, which was most thoughtful of you all.

Fundraising on the night came to a fantastic £12,000+, so we are just delighted!

Funding Neuro funds research focused on solving the common problems which hinder progress towards a cure, and effective treatments for all conditions which affect the brain and spinal column. We are currently fundraising for trails for Parkinson's Disease, and initial results are extremely encouraging!

Our commitment to supporters is that every penny they raise or donate goes directly towards research and with the help of people like them, and you, research will move us ever closer to eradicating neurological disorders.

Thank you again for all that you do, we very much appreciate it.

Kind regards,

A handwritten signature in blue ink, appearing to read "Maisie Hamilton".
